

Winter League Match Rules

1. The Matches will be "pegged down" competitions, pegs to be preferably 20 yards (18 metres) apart, or more where practicable.
2. No person may fish for different teams during the current series.
3. Any angler may have assistance to help carry his/her tackle to his/her peg. Once at his/her peg no further assistance will be allowed.
4. No competitor will have live or dead fish in their possession before the match commences.
5. The signal to commence and cease fishing will be given by the nominated team in each section.
6. The duration of each match will be five (5) hours.
7. Before the starting signal no competitor must on any account ground bait or loose feed the swim, but will be allowed to wet a line, plumb the depth and test the float, mix or wet ground bait, clear his/her fishing ground of weed or obstructions and position his/her equipment. On no account must a feeder be used prior to the starting signal. Pole mounted pots shall be removed from Poles during plumbing up and until the starting signal.
8. A competitor may wade provided that the water does not extend above the knees, unless he/she can touch the bank with their fingertips, in which case the water can extend above the knees. When platforms are used the water must not come over the angler's knees when standing on river/lakebed.
9. Every competitor must fish from within one metre either side of his/her designated peg. On flowing water, he/she will fish from their position in the direction of the flow as far as the next peg. On still waters he/she may fish as far as half the distance between his/her peg and the pegs on either side. Where competitors are drawn on opposite banks the limit of the swim will be the middle line between either bank. The competitor will restrict their activities completely to these boundaries, neither his/her person, tackle, bait, ground bait or hooked fish may intrude into his/hers neighbour's swim.
10. In an extreme situation e.g., snagged tackle or a snagged fish, an angler must seek permission from his neighbour/neighbours before moving from his/her designated peg to try and remedy the situation. If successfully landed, such fish should be returned immediately to the water and shall not count to the competitor's weight.
11. Notwithstanding Rule 10, any fish about which the stewards have any doubt must be brought before the match organiser and the competitor's weight will not be confirmed until a ruling has been obtained. Even if a steward recommends the disqualification of a competitor, they MUST weigh the fish in case the stewards ruling is not upheld.
12. No competitor may leave his/her peg during the match other than to answer the call of nature or to assist a snagged fish. However, in the event of an emergency and/or severe weather conditions anglers may leave their pegs. Local leagues or the Angling Trust in the final, will decide what circumstances constitutes severe weather conditions with due consideration given to anglers' safety.
13. A competitor must not cause annoyance to or seek to interfere with another competitor during a match.
14. A competitor shall have in use one rod or pole, one line and single hook at one time, but may have other poles or rods and tackle assembled behind them where possible, providing that tackle is not baited.
15. Any bait, subject to the local rules for the Winter League venue's, except live or dead fish, spinning baits and artificial lures.
16. Maximum length of poles permitted is 16 metres, floating poles are not allowed.
17. Floating baits either hook or feed are not permitted.
18. Spods and spombs are not allowed.
19. The use of electronic fish finders is forbidden.
20. No competitor shall present their baited hooks into their swim by any means other than the pole or rod to which the line is attached.
21. All feed may be thrown in by hand, or by the use of one- or two-handed catapults, throwing sticks, swim feeders, bait droppers, bait cups, cad pots and bait shuttles, but no other mechanical means of projecting feed is allowed. No bait shall be introduced with a pole or bait dropper attached to an extra pole or rod whilst continuing to fish (subject to local rules)

22. Competitors must strike, play and land their own fish from the confines of their own peg, the only exception being as it related to rule 10, when any fish landed shall not count.
23. Competitors must retain all fish in a keepnet that complies with the relevant Environment Agency bylaws.
24. All fish caught are eligible for weighing except Game Fish, Pike, Zander and Crustaceans.
25. Competitors must, if practicable, keep all fish caught alive. If for any reason competitors cannot keep fish alive the angler shall have the fish weighed in during the match and return the fish alive to the water.
26. Competitors must cease fishing at the signal. Should a competitor still be playing a fish hooked before the signal is given, they will be permitted no more than 15 minutes after time has been called to land the fish.
27. All competitors will remain at their pegs until details of their catch have been recorded, even if they have caught no fish, except for weighing purposes.
28. Competitors are responsible for ensuring their pegs are clear of litter and no competitor shall have their catch weighed in who has litter on the banks of their swim.
29. Both the competitor and Scales Steward MUST ensure safe transferal between keepnet and weight net. This should not involve rolling of fish down the net and MUST utilise a gather and pour technique. It will be the duty of the competitor to return all the fish safely to the water.
30. Where stated at fisheries "Local rules" will always apply for keepnet use in terms of limits and any penalties for going over.
31. Specimen fish warrant extra care and attention. They shall be weighed separately before all other fish, handled with care while being weighed and returned to the water carefully by hand, being held to recover before release if required. For exceptional fish consideration should be given to weighing the fish immediately and then returning it to the water, rather than retaining in a keepnet; in which case a steward should be called to enable immediate weighing to take place.
32. The individual weight of each competitor will be recorded to the nearest 10 grammes rounded up (Where 10Kg scales are used), 20 grammes, rounded up (Where 20Kg scales are used)
33. All separate weighs MUST be recorded, and the Angling Trust reserve the right to alter total weights where there is a clear error in maths.
34. Each competitor will be responsible for ensuring that the weight of his/her catch is correctly recorded by the weigh team and that he signs for his weight on the weigh sheet.
32. After being weighed any dead fish are to be suitably disposed of by the competitor.
33. All matches must conform to Environment Agency bylaws. Any competitor reported by the Environment Agency for being unable to produce a valid licence shall be deemed to be in contravention of the Rules and shall be disqualified from that match. All pools, entry fees etc in respect of the said competitor shall be forfeited.
34. The use of lead, including any alloy or compound of lead, in the form of split shot or any other suitable items for weighting fishing lines is prohibited. The prohibition does not apply to weights of lead, alloy or compound of lead, of 0.06g or less or of more than 28.35g. The prohibition also does not apply to weights of lead, alloy or compound less than 28.35g if the said lead, alloy or compound is incorporated in the construction of swim feeders or self cocking floats.
35. Anglers are requested to respect their fish at all times, if catch photos are to be taken anglers must handle the fish with the care they deserve and place the welfare of the fish ahead of a trophy shot. Fish shall not be placed directly on the ground within a net for any catch shot; instead, the net containing fish should be placed on top of either a fish mat or other suitable protective layer (for example another rolled up keepnet).
36. Any team or competitor proved to be in contravention of these and League rules will be disqualified.
37. Any objections must be made in writing and lodged with the match organiser or weigh steward, no later than one hour after the end of the competition on the official forms issued to the weigh stewards. Irregularities which are brought to notice at a later date may be dealt with only by and at the discretion of the AT Competitions team.
38. Points in the final are awarded 1 for highest weight in section, increasing as the position gets worse. A DNW will incur an additional penalty point. The winning team will have the least accrued points between both venues and in the event of ties, it will firstly be section wins that are taken into consideration, and then total weight.
